REDBUILTS INTRODUCTION

Since 2005

Since we started our business in construction in 2005, we have tried our best to get in where we can enjoy, win harmonization and general applause of all works.

Work ethic

Our competitiveness comes from the idea, "it is now or never."

Things should be done on time. Once we lose "now", there will not be a second chance to win.

At the same time, quality, perfection and precision is ensured in everything we do.

We never disappoint

We wish you keep eye on us and guide us to be on the right track. Your valuable advice and suggestions will be really appreciated and shall feed us to grow as a promising player in this field.

In return, we will make out the utmost effort satisfy our client with the top most quality services.

We will neither rush or sit back. We will keep growing steadily.

Thank you very much for everything.

REDBUILTS EXPERTISE

- ▶ Road works
- ▶ Earth works
- ▶ Kerb & Paving works
- ▶ Civil Construction works
- ▶ Construction of Manhole & Hand hole works
- ▶ Steel Fabrication works
- ▶ Fencing & Related works
- ▶ Concrete cutting and Core drilling works
- ▶ Temporary office facilities and Porta Cabins *(Continued...)*

- ▶ Supply of Skilled & Unskilled workers
- ▶ Supply of Heavy Equipments
- ▶ MEP works
- ▶ Industrial supplies
- ▶ Industrial Painting
- ▶ Communication Duct Bank
- ▶ Utility Protection
- ▶ Rental of Vehicles

REDBUILTS EQUIPMENT

Crane

25 - 400 ton

Boom Truck

5 - 15 ton

Dump Truck

18 - 32 m³

Water Tanker

2500 Gal to 6000 Gal

Backhoe

1.5 m³

Skid Loader

0.5 m³

Excavator

1.08 m³ to 2.14 m³

(Continued...)

Fork Lift

3 ton to 15 ton

Motor Grader

140 k

Roller Compactor

5 ton to 10 ton

Mini Roller Compactor

1.5 ton

Wheel Loader

3.0 m³ to 3.7 m³

Trailers and Lowbed

12 Meter

Generator

135Kva to 635Kva

Bus

15, 23, 55 Seater

REDBUILTS PROJECTS

Excavation , Laying Fiber Optic cable and back filling (200KM)

KNETCO / PACIFIC GROUP, 2006

Communication Duct Bank

US Air Force – Ali Al Salem Air Base, 2007
